Amplified Heat

... Heat innovatively combined with **freshness**, **spice** and **smoke!**

The emerging trend of «Amplified Heat» gives the opportunity to develop new flavours with varied heat levels from chilli, pepper, ginger and mustard, combining them with fresh, spicy and smokey creations.

Our presentation box contains 2 bags of flavoured crisps and seasoning for you to try at your convenience. These have been selected from our latest «Amplified Heat» range.

If you would like to try our other seasonings please send an e-mail to our sales-team who will be happy to organise this for you.

... we are your trend research and development partner.

Customer

Do you have an idea for a new snack? Are you looking for an innovative partner for the seasoning? Then Hügli is the right choice. With our portfolio of ingredients in all sectors of the food industry, we are well positioned to provide unique solutions for your snacking needs.

Research

Through our collaboration with independent and renowned research companies in Europe, we are ahead of emerging trends. Our international network allows us a comprehensive view of the snack market.

Development

Our focused team supports you from the first enquiry right through a successful product launch. We develop customised solutions for you so that the product fits your needs perfectly. Think of us as an extension of your own development team.
